

**No Greater Burden\_Final Lyric**  
@Paula Breedlove/Rick Lang

V1

When your heart is heavy, from the burdens that you carry  
And you feel you can't go on for one more day  
Just remember Jesus, what He did to free us  
From the sin that only He could wash away

Chorus

There's no greater burden than the cross  
When God gave His only son, there was no greater loss  
He was born to suffer for the sins of others  
Price He paid came at such a cost  
There's no greater burden than the cross

V2

Beaten by the soldiers, then on His bloody shoulders  
He bore that heavy cross for all mankind  
They scourged and they mocked Him, placed a crown of thorns upon  
Him  
With three nails and a cross was crucified

V3

He'll give comfort when you're hurting, living water when your thirsting  
Lift your burdens, if you just ask Him to  
For the gift of life He gave us, shed His blood to save us  
No one else will suffer more for you
