

Bible By My Bed

@Bill Whyte Radio Writer-Billy Blue Publishing ASCAP/Rick Lang,
Haley Anna Music, BMI

V1

I don't ever worry about what's ahead
When this world unnerves me, I read those lines in red
Passed down from my mother, for my soul to keep
St. James on the cover, it's always there for me

Chorus

There's a Bible by my bed, the covers worn and frayed
It's been read and re-read, page by page by page
New Testament and old, every word that Jesus said
All I need to know, is in that Bible by my bed

V2

John 3:16 it's my guiding light
If I believe I'll have everlasting life
He healed the sick, He helped the blind man see
Can't live without that Good Book, it's always close to me

Chorus

Bridge

When I tend to forget the words that Jesus said
I open up the drawer, and I reach for.....
