Chorus

God is just a prayer away
He's there every night and every day
Anytime anywhere or place
God is just a prayer away
When you think you've lost your way
Just remember it's never too late
Today tomorrow just like yesterday
God is just a prayer away

V

In your darkest hour when hope is growing dim
Lift up your voice and talk to him

Chorus

God is just a prayer away
He's there every night and every day
Anytime anywhere or place
God is just a prayer away
When you think you've lost your way
Just remember it' never too late
Today tomorrow just like yesterday
God is just a prayer away
(Inst-Chorus Repeat)
