

The Guitar & The Holy Bible
@Evan Dickerson/Rick Lang

V1

There's an old flattop guitar in the corner
Always been a comfort and a friend
And there's a Bible passed down from my momma
Sits on a table by my bed

Chorus

I'm gonna grab me a pen and piece of paper
Jesus in my heart right from the start
Gonna write a song to praise our Lord & Savior
With that Bible and this old guitar

V2

I know the Blessed Lord is right beside me
I feel the Holy Sprit all around
Sacred words start filling up the paper
Guitar sending heavenly sounds
