

If It Ain't True, It Aughta Be
@Nancy Posey/Rick Lang

V1

How well I can remember sitting on my grandmas knee
Listening to the wisdom that he passed on to me
If I questioned his advice and said "are you kidding me"
Without fail these words he would repeat
"If it ain't true, it oughta be"

V2

When I suffered from a broken heart, a sweetheart prone to wander
Grandpa always told me absence make the heart grow fonder
He said I should consider other fishes in the sea
Said ...if it ain't true it oughta be

V3

Whenever I was envious of things the others had
My grandpa would convince me I shouldn't feel so sad
After all he would tell me, best things in life are free
If that ain't true, it oughta be

V4

You can lead a horse to water, but you can't make him drink
You can send a kid to college, oh but you can't make him think
I learned not to question what grandpa said to me
Cause if ain't true, it oughta be
