

Shout and Jump for Joy

Shepherds go put down your staffs
And run to Bethlehem
The savior is waiting
Go and worship Him

Everyone's invited
So don't you hesitate
Put your hands together
Come on, let's celebrate

**Shout and jump for joy
Go see Mary's baby boy
In a stable down the street
Oh so gentle and so sweet
We were told that He would come
God would send His only Son
Let's go make some noise
Shout and jump for joy**

Hey Kings pack up your camels
And follow that bright light
Don't forget your gifts
For the birthday boy tonight

Everyone's invited
So don't you hesitate
Put your hands together
Come on, let's celebrate

CHORUS

People all around the world
On this Christmas eve
Gather round that wooden manger
Underneath your Christmas tree

Everyone's invited
So don't you hesitate
Put your hands together
Come on, let's celebrate

You'll find when you get there
A brand new baby awaits

Rush on over quickly/Just go rush on over
