

Take A Little Walk With Him  
@Rick Lang/Michelle Canning

Chorus

Take a a little walk with Him, take a little walk with Him  
Tell Him all your troubles, He will understand  
Ain't no better listener than the Great I am  
In your daily travels, take a little walk with Him

V1

When you wake up feeling worried, and it's more than you can bear  
Take comfort in knowing there's someone who cares  
Walk out in the sunshine, bask in Gods creation  
Lean on your best friend, take a little walk with Him

V2

Don't matter if it's day or night He is always there  
Ready to listen to each and every prayer  
God has seen it all, every situation  
Let your Savior in, take a little walk with Him

Bridge

It won't take too long, my brother will find your burdens will be lifted  
God will ease your mind
