

## Thank You Jesus

### Verse 1:

From my first breath of life, I had hope

Despite the odds or what it looked like, you held me close

The stripes you bore upon your back freed my body, mind, and soul

You brought healing upon healing, and I want you to know

### Chorus

Thank you Jesus for giving me new life

Thank you Jesus for the healing you provide

In the shadow of the valley and in the darkest of nights

Thank you Jesus for saving my life

### Verse 2

Every moment we live we have hope

Despite the odds or what it looks like, you never let go

You gave us freedom 2,000 years ago

I will name the name of Jesus and I want you to know

### Chorus

Thank you Jesus for giving me new life

Thank you Jesus for the healing you provide

In the shadow of the valley, or in the darkest of nights

Thank you Jesus for saving my life

### Bridge

There is no doubt of your power

There is no doubt of your grace

There is no fear when we call on your name

Without your love I wouldn't be here today

### Chorus

Thank you Jesus for giving me new life

Thank you Jesus for the healing you provide

In the shadow of the valley, or in the darkest of nights

Thank you Jesus for saving my life

Thank you Jesus

You saved my life
