

Ashes To Ashes
by Windi Robinson

(Verse 1)

I've known you were leavin' it's been quite awhile
And the hurt and the heartache behind a distant smile
We all go on like it will all go away
Time was our friend is now the enemy
I wait for a call I don't want to hear
And a gleam in your eye that will soon disappear
How can I say what I feel deep inside
For the one that has held me
From my first breath of Life

(Chorus)

Ashes to Ashes And Dust to Dust
How do I let go the only man I will trust
How can you walk on with much left to say
My Daddy my hero just can't go away
I will do all I can I'll do what I must
Ashes to Ashes and Dust to Dust

(Verse 2)

We go along cause life works that way
To catch fleeting moments from him day to day
My mama, my brother, my sister and me
Cry in the shadows where we can't be seen
We all bow our heads and wipe all our tears
The preacher man speaks of his living years
We pour out our hearts over his stone
As the wind picks him up and carries him home

(Chorus 2)

Ashes to Ashes and Dust to Dust
How do I let go the only man I will trust
Now that you've walked on with all we could say
My Daddy my hero has just gone away
I will do all I can I'll do what I must
Ashes to Ashes and Dust to Dust

Ashes to Ashes and Dust to Dust
