

I Will Praise Him In The Valley

Chorus:

I will Praise Him in the valley, I will praise Him in the storm:

I will praise him though He slay me, For in His Name, I am reborn

His praise is ever on my lips, His grace is my reward

Forever I will Praise Him, My Savior and my Lord.

Verse 1

When burdens weigh so heavy, when the night seems dark and long

My heart is oh so heavy, and it seems I've lost my song

Like David I will lift my hands, and praise His holy name

For He is my salvation, there is no other name.

Verse 2

On the mountain top it's easy to lift up Jesus' name

When He's giving everything we want

There's no trouble and no pain, But Christ is still the answer

Even though we may not see. He'll take us through the valley

Though it may be on our knees
